

5   **WHAT IS CLAIMED IS:**

1. An ornamental panel, comprising  
a primary plate;  
an adhesive layer formed over the front side of the primary plate;
- 10   a protecting film detachably stuck on the adhesive layer; and  
a magnet plate attached to the rear side of the primary plate;  
the adhesive layer having such a stickiness that a piece of paper can be  
stuck thereon, and detached therefrom without causing any damage  
to itself.
- 15   2. The ornamental panel as claimed in claim 1, wherein the primary  
plate is plastic synthetic paper.
3. The ornamental panel as claimed in claim 2, wherein the primary  
plate is made of PP.
4. The ornamental panel as claimed in claim 2, wherein the primary  
20   plate is made of PS.
5. The ornamental panel as claimed in claim 1, wherein the primary  
plate is formed with patterns on the front side thereof.
6. The ornamental panel as claimed in claim 1, wherein the primary  
plate is formed with drawings on the front side thereof.
7. The ornamental panel as claimed in claim 1, wherein both the  
adhesive layer and the protecting film are transparent.
8. The ornamental panel as claimed in claim 1, wherein the adhesive  
5   layer is made of hydrated glue mixed with the release agent.
9. The ornamental panel as claimed in claim 1, wherein the magnet plate  
is attached to the primary plate by means of hot melt.
10. The ornamental panel as claimed in claim 1, wherein the magnet  
plate is attached to the primary plate by means of high frequency.
